

**Annual Declaration under California Health & Safety Code §119400-119402 (June 2023)**

Kedrion Biopharma Inc. (“Kedrion”) and Bio Products Laboratory USA, Inc. (“BPL US”) (collectively, the “Company”) have established a comprehensive healthcare compliance program (“Healthcare Compliance Program” or “HCCP”) in accordance with the U.S. Department of Health & Human Services, Office of Inspector General’s (“OIG”) Compliance Program Guidance for Pharmaceutical Manufacturers (“OIG Compliance Guidance”). Such HCCP includes policies and procedures designed to promote compliance with applicable laws, the OIG Compliance Guidance, and the PhRMA Code on Interactions with Health Care Professionals.

The Company has established an aggregate, annual dollar limit of \$1,000 on gifts or incentives that the Company may provide for “medical or health professionals” as defined at the California Health and Safety Code § 119400(b).

The Company declares that, to the best of its knowledge, it is in all material respects in substantial compliance with its HCCP and the California Health & Safety Code as of the date of this declaration. As the OIG recognizes in the OIG Compliance Guidance, “the implementation of a compliance program may not entirely eliminate improper conduct from the operations of a pharmaceutical manufacturer.” Accordingly, this declaration is not intended and should not be construed to imply that the Company has not identified individual instances in which an employee or agent of the Company has or may have violated one or more provisions of its HCCP. In those situations, the Company takes reasonable and appropriate remedial or corrective action with respect to any actual or potential non-compliance in a manner consistent with its HCCP.

A summary of the HCCP and this declaration can be downloaded from the Kedrion and BPL US websites. Requests for a copy of this declaration and the HCCP summary can also be obtained by calling Kedrion’s Compliance Hotline toll-free at (844) 880-0003 or (800) 216-1288 (Spanish).
